

**Stage Rider and Technical Rider** Hub Hildenbrand

The Rider is part of the Performance Contract.

Hub Hildenbrand – Solo Guitar / Solo Artist

---

---

**The operator provides:**

- PA with **good quality reverb** (two active speakers in case there is no PA). The sound equipment should be of proper quality and in good working order. For the PA a sound engineer should be provided by the operator.
- a **height-adjustable piano bench**
- 1 **small table** of chair height and size (for equipment)
- stage at least 2.5 x 2.5 m
- 1 safe and adequate **power supply** on stage (if not separated from the light-electricity, dimmer functions and neon light should be avoided to avoid interference noises of the guitar).
- 2 **monitor speakers**
- Hildenbrand travels with his own preamp and provides a **DI-Out (Preamp out, XLR)** for the PA
